Date: June 2011

Dear Sir or Madam,

We confirm that the used raw material components in our coating, ink and adhesive systems correspond to the requirements of the European Inventory of Existing Chemicals (EINECS), EuPIA raw material exclusion list for printing inks and the appropriated products and REACH regulation 1907/2006. Due to the REACH regulation 1907/2006 the WEILBURGER Graphics GmbH is downstream user and is legally not obligated for registration of raw materials. Our suppliers provide us with REACH conform raw materials. Therefore we can confirm that our coating, ink and adhesive systems produced by the WEILBURGER Graphics GmbH are REACH compliant.

According to our level of awareness SVHC substances, published by ECHA in the candidate list of "Substances of Very High Concern" on 20<sup>th</sup> June 2011, are not a constitutionally part with a concentration of > 0,1% in the coating, ink and adhesive systems of the WEILBURGER Graphics GmbH and therefore the compliance with the REACH regulation 1907/2006 is given. Furthermore forbidden or restricted substances related to annex XVII of the REACH regulation 1907/2006 are not part of our products.

Furthermore the coating, ink and adhesive systems of the WEILBURGER Graphics GmbH are consistent with the European norm for toys EN 71-3, which restricts the amount of heavy metals as plumb, antimony, arsenic, barium, cadmium, chromate and mercury in toys. The products are not manufactured under the use of heavy metals or heavy metal compounds.

In case of any further questions please do not hesitate to contact us.

Best regards

WEILBURGER Graphics GmbH  
A MEMBER OF THE GREBE GROUP

i. V.

Dr. Jürgen Stropp
